FORT MASON CENTER

Fort Mason Center
Laguna and Marina Blvd.
San Francisco, California
(415) 441-5705

Golden Gate National Recreation Area is the result of a combined effort by citizens and government working together to preserve priceless remaining open space in and near San Francisco for the use and enjoyment of the entire public.

Gateway to this 35,000 acre park is Fort Mason on San Francisco's waterfront, once a major port of embarkation for American forces in the Pacific.

The 126-year-old fort occupies one of the most dramatically beautiful sites on the Bay. Along its heights and promenades stretches a panoramic view from the Golden Gate to the hills of Berkeley. Its piers provide walkways for additional vistas and have become a fisherman's and shipwatcher's delight.

In vacant structures at the fort, a nonprofit organization is assuming responsibility for renovation and use of over 250,000 square feet of building space. The Fort Mason Foundation has entered into an interim cooperative agreement with the National Park Service to create a regional center with programs in the *arts, humanities, recreation, education* and *ecology*.

Fort Mason Center provides much needed space for performances, exhibitions, workshops, classes and other uses. Since the beginning of activities in January 1977, thousands of people and hundreds of organizations have participated at the Center. As part of a new urban National Park, Fort Mason is now a place for experiencing the rich cultural diversity of the San Francisco Bay Area. This transformation of old military land to new community use demonstrates a broad, human concern for the quality of life in urban America.
